Aqueous Cream

Emulsifying ointment,
White soft paraffin, liquid paraffin
Relieves dry skin

Read all the carton before use. What the medicine is for

Aqueous Cream is an emollient used to relieve the symptoms of dry skin. It may also be used as a soap-substitute for skin washing.

Before you use this medicine

X Do not use the medicine if you or your child have....

- An **allergy** to phenoxyethanol or any other ingredient listed.

! Warnings and Precautions

Do not smoke or go near naked flames - risk of severe burns. Fabric (clothing, bedding, dressings etc) that has been in contact with this product burns more easily and is a serious fire hazard. Washing clothing and bedding may reduce product build-up but not totally remove it.

This product can make skin and surfaces slippery. Take additional care after use, especially when entering or leaving the bath/shower.

! Pregnant or breastfeeding

Using Aqueous Cream during pregnancy and breastfeeding is unlikely to have any ill effects when used as directed. If unsure, talk to your doctor or pharmacist.

! Important ingredient information

This medicine contains cetostearyl alcohol and sodium lauryl sulfate which may cause local skin reactions (e.g. contact dermatitis, stinging or burning sensations) or increase skin reactions caused by other products when applied to the same area.

FOR EXTERNAL USE ONLY.

! If you accidentally swallow some see a doctor straight away. Take the pack with you to show which medicine you have swallowed.

Fire hazard. Do not smoke or go near naked flames; clothing & bedding with this product dried on them can catch fire easily.

✓How to use the medicine

Apply the cream to the skin.

Adults, the elderly and children: Apply to the affected area of skin as required.

Possible side effects When used as a leave-on emollient stinging, burning, itching and redness of the skin may occur. If you notice these or any other side effect not listed here, stop use and tell your doctor or pharmacist. They will tell you what to do.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the yellow card scheme at www.mhra.gov.uk/yellowcard or search for 'MHRA Yellow Card' in the Google Play or Apple App Store.

By reporting side effects you can help provide more information on the safety of this medicine.

Storing the medicine Do not store above 25°C. Keep well closed. Do not allow to freeze. Keep out of the sight and reach of children.

Use by the date shown on the side of the carton.

Active ingredients: emulsifying ointment 30% w/w (includes cetostearyl alcohol and sodium lauryl sulfate), white soft paraffin 15% w/w, liquid paraffin 6% w/w.

Also contains: phenoxyethanol and purified water.
